Guire Pitches for the Victors and the pposing Nine are Unable to Hit Bim-The Game Interesting.

About 950 lovers of base ball assembled at Island Park vesterday afternoon to wit-ness the game between the Old Dominions and the Richmonds. The crowd would have been larger but for the somewhat threatening weather. McGuire and Luck constituted the battery for the Old Dominions, while Darby pitched for the Richmonds and Foster supported him behind the bat.

The Richmonds were first to the bat but failed to score, just as everybody expected. The spectators were, for the most part, all admirers of McGuire. Foster commenced the inning by striking out, while Leftwich reached first on a muffed fly to centre, and stole second. Enricht followed with a hot ball to McGuire, which struck his hands almost before he realized what had happened. He had presence of mind enough to rhing to it, however, and turning around as guick as a flash, caught Leftwich, who was playing off second, and put him out. This was a beautiful play and elicited much applause.

applause.
The Old Dominions led off with a liner knocked by Palmer to first. He was retired and followed by Harrison, who struck out. McMann knocked a pretty single, stole second, and scored on a base-bit of Luck's. McGuire got his base on balls, while Cullen struck out. NEITHER SIDE SCORED.

In the next inning the Richmonds were again put out in one, two, three order. Kerse struck out. Thomas knocked a fly to left-field, and Darby a liner to the pitcher, who threw to first.

Lumsden, of the Old Dominions, was retired on first by a liner to second, Shelton by a grounder to the pitcher, and Dalton by a fly to left field.

In the third inning neither side scored again, and McGuire struck out each of the opposing batters. The Old Dominions made two base hits, but failed to cross the home-plate.

The fourth inning failed to cheer the ome-plate. The fourth inning failed to cheer the

Richmonds and it seemed impossible for them to find McGuire. Their batters were retired in regular sequence—Foster by a liner to short-stop, Leftwich by another to second, and Enright by still another to BUNS WELE SCARCE.

cullen, Lumsden, and Shelton, of the Old Dominions, likewise failed to get to first. The first two were put out on liners to short-stop, while the latter was retired on a fly to centre.

Again, in the beginning of the fifth inning, the Richmonds were put out one after another without getting to first.

Dalton commenced the inning for the Old Dominions with a liner to short-stop and was put out on first. Palmer, who by the way made a spiendid batting record, followed with a beautiful two-barger and scored on a single of Harrison's, the next man. McMann struck out, while Luckwas retired on a fly to centre-field.

So far the score stood two to nothing, and it looked as if the Richmonds would be unable to score at all. The fielding of both sides was good.

Kerse led off the eighth inning for the Richmonds with a liner to second, which was thrown to first, putting nim out. Thomas reached first, having been struck by McGuire. Darby followed with a two-bagger, the first base-hit, and upon this Thomas secred. Darby stole third and secred on a single by Al. Morgan. John Morgan was retired on first, while Disney was put out on a liner to pitcher.

The Old Dominions, by bagging their hits, added two more runs in this inning. There was but little hope for the Richmonds when they came to the bat in the ninth inning, and things did not look more favorable when Foster was put out by a fly to second. Leftwich followed with a pretty single and stole second. He scored on another base-hit by Enright. The latter stole second and scored on a single by Kerse, who surprised everybody by knocking the ball just when it was necessary to do so. Thomas and Darby ended the game by striking out.

some good players.

Palmer and Harrison, of the Old Dominions, made the best batting records and each of them played excellently in the diamond, too. Cullen covered first base well, but his batting is weak. Al. Morgan, of the Richmonds, was ready for every fly that came to centre, while Enright played

short-stop well.

The Old Dominions found no trouble at all in pounding Darby, while the Richmonds looked at one time as if they would be unable to touch McGuire. Fortunately they clumped the five hits they made off McGuire and thus managed to score.

The funeral will be from the residence at 4 o'clook this afternoon.

Mrs. Jacob Ezekiel.

Mrs. Jacob Ezekiel, of Cincinnati, died yesterday morning at 3 o'clock at the Hygeia Hotei, Old Point, from heart failure. The deceased with her daughter, Mrs. Hermann, passed through Richmond on July 3d on their way to Old Point, intending after a few days to leave for Europe via New York. Others of her family had joined her, but it so happened that on Friday all them except her grandaughter, Miss Teresa Brauer, of this city, had left for a short visit to Washington.

Mrs. Ezekiel leaves four sons and eight daughters, among whom are Mrs. F. C. Brauer, of Richmond; Mrs. W. H. Brauer, of Henrieo, and Sir Moses Ezekiel, the semlptor. Her husband, to whom she was married more than fifty-five yearsago, also

Mrs. Ezekiel was born in this city in 1818, she being a Miss Waterman, and with her family resided here until 1867, when they removed to Cincinnati, to which city the body, will be carried for interment.

Mrs. F. C. Brauer, F. C. Brauer, Jr., and other relatives went down to Old Point yesterday afternoon.

Mr. Ezekiel and his two sisters furnish a wonderful instance of connubial longevity, so to speak. He and one sister each lived to celebrate their golden wedding, while the second sister lost her husband after nearly forty-nine years of married happiness.

In the last annual budget of appropriations approved by the Council the sum of \$8,000 for the construction of a crematory for the incineration of garbage and other refuse matter was included.

The expenditure of the sum designated was placed with the Health Committee, who selected the head of Buchanan street. Maddox Hill, as a site for the structure. Excavating was begun last Monday, and as soon as it was known a crematory was to be built at that point residents and property-holders adjacent thereto began to complain quite streamusily. All of those objecting have combined and retained Mr. D. C. Richardson with a view of procuring a change of location.

ON BOARD THE SERVIA. Experience of a Missionary to China Known in Richmond.

Mr. Alfred D. Jones, the English missionary to China, who addressed the congregations of both the First and Second Baptist churches in this city on Sunday before last, was, with his wife and two children, aboard the steamship Servia, which a few days ago broke down in midsea after being three days out from New York en route to Liverpool. He writes a triend in Richmond that the ship was being towed back to New York, when the "wire-horser" broke and a second delay was caused. The passengers on board the great ship were terribly inconvenienced because of the breaking down of the engines of the steamer, and many of them were very apprehensive of the dangers of the sea before the vessel was towed into port.

A meeting of the joint committee will be held next week to prepare a report.

A Fountain Wanted.

Some of the citizens living in the neighborhood of Main and Reservoir streets have decided to ask the privilege of placing a fountain in the triangle space formed by Reservoir and Beech streets where they come into Main street. The space is amply large and at present is not very sightly. A nice fountain, with railing and grass and flowers around it, would be quite an addition to this already greatly improved neighborhood.

At an open meeting of Sidney Lodge, No. 428, I. O. G. T., heid at Belvidere Hall Friday night, some three hundred persons assembled, and a most interesting musical programme was rendered. Mr. Joseph H. Shepard addressed the meeting and his re-marks were greatly enjoyed.

A STORY OF SHIPWRECK.

Captured by Savages and Almost Roasted. A Narrow Escape. (By telegraph to the Dispatch.)

(By telegraph to the Dispatch.)

Pripersured, Marse, July 11.—Captain Joseph Perry, of the barkentine Hustler, has just arrived home from a long sea-voyage. The Hustler was launched in Bath last November, sailed for Philadelphia, light, and thence for Seattle with a cargo of iron pipe. While going round the Horn bad weather was encountered and the vessel was wrecked on a sunken rock in Nassau bay, forty miles west of Deceit Island. The crew left in boats with nothing but what they stood in, rowed to an island ninety miles distant, on which there was a missionary station called Ushurvia, with several English missionaries and a station for the rehefof ship wrecked crews kept by the Argentine Kepublic, which also sends its prisoners there. The captain says that five of the men who started across the country from Sandy Point, bound for the missionary station, were captured by savages and bound to trees; that fires were built around them, when one of the men managed to get his hands free, and, drawing a revolver, shot one of the Indians, which so frightened the rest of them that they ran and the men escaped. After having spent twenty-five days in this locality they left for Buenos Ayres. Thence they went to Southampton, Eng., from there to New York, and thence home to Maine.
